LETTER OF APPRECIATION

On behalf of Royal Johannesburg and Kensington Golf Club I have the pleasure in writing a letter of appreciation for the excellent work and service we received.

As you know our Club has been in business for many years and we have used several different suppliers for our room designs, furniture refurbishment and re upholstery, none of which have delivered in the way you and your team did for us recently.

It was simply incredible to see you bring our old lockerooms back to life and fit into our overall look and feel. The service from you and your team was so efficient making our revamp stress free.

It's great to deal with such highly presentable and credible people that deliver more than what's expected. I would unreservedly recommend you to other businesses and I'm sure we will continue to use your highly skilled services for many years to come.

Sincerely,

Christopher J Bentley
Chief Executive Officer
